We are pleased to report that the transition to Armor, our new healthcare provider, at the Cobb County Adult Detention Center has been seamless. The safety and well-being of those in our care remain top priorities, and this partnership strengthens our ability to deliver on that commitment.

With the new system, our detention staff now have real-time access to healthcare data within the facility, allowing us to respond quickly and effectively to the needs of detainees. This advancement underscores our ongoing efforts to ensure that every individual receives timely and quality medical attention.

Best Regards,

Sheriff Craig D. Owens, Sr.
